KT Connections Expands Service Area

KT Connections is expanding its services to the Front Range in Wyoming & Colorado

Rapid City, SD (April 1st, 2022) – KT Connections, Inc., a leading provider of managed technology solutions, announced the expansion of services into the Front Range area, east of the Rocky Mountains, in the states of Wyoming and Colorado. The cities they will be servicing include Cheyenne, Casper, Wheatland, Laramie, Fort Collins, Loveland, Longmont, and Greely. This milestone is a major move for KT Connections on its mission to provide comprehensive technology and managed technology solutions services to new markets, giving local businesses access to a best-in-class service provider.

“We have already secured Managed IT Service agreements with several prominent businesses and hired a handful of employees that came highly recommended, all local to Wyoming & Colorado, adding even more resources to our support team while enabling onsite assistance,” says Casey Parker, Vice President at KT Connections.

This news comes in the wake of many recent accomplishments of the company, including:

- Providing top-tier technology solutions to the Rapid City area for 25 years.
- Successfully executed several complex technology projects, on time and within budget.
- Consistent customer satisfaction scores above 90%.
- Many years of combined experience and certifications amongst nearly 40 staff members

“KT Connections is in a great position to help local Wyoming and Colorado businesses maximize their technology investments and prosper in their unique marketplaces,” says Paul Sterkel, President of KT Connections.

About KT Connections
